

Casino Listings Terms & Conditions

Last modified: December 9th, 2024 – Current

Our platform is dedicated to offering a dynamic and accessible directory to serve both operators and affiliates within the casino industry. Our commitment to maintaining a free service is designed to enhance visibility for all parties and to create growth opportunities. By participating in our directory, you agree to the terms and conditions outlined below.

Free Directory Listings

We uphold a steadfast policy of providing free directory listings for affiliate programs that offer a sub-affiliate deal, limited to 2 per entity, regardless of the number of accounts created. This initiative aims to support a broad spectrum of opportunities for collaboration within the casino affiliate community, ensuring an inclusive and diverse platform. If you have more than 2 brands you'd like to add, please refer to our premium upgrades section below.

Example: If ABC Marketing owns 6 casinos, they cannot have 3 different employees sign up to each get 2 free listings. Since all the casinos are under ABC Marketing, they would only receive 2 free listings and would need to purchase additional ones.

Uploading Your Brand

When uploading your brand, please ensure that each listing contains only one casino brand. Avoid adding multiple brands in a single listing. This practice benefits both you and our users, as each brand typically serves different markets, offers distinct payment methods, and provides separate contact methods. Once you have submitted your first brand, you can proceed to upload your second brand if desired.

Sub-Affiliate Revenue Share Agreement

We request that operators submitting their casino affiliate programs to our directory agree to a Sub-Affiliate Revenue Share arrangement. This entails:

- Providing us with a unique tracking link for our platform.
- Agreeing to a revenue share percentage on the earnings generated by affiliates who sign up through our website and social media channels.
- This revenue share will not involve any negative carryover, ensuring a fair and sustainable partnership.
- The agreement will persist for the lifetime of the affiliates acquired through our platform, contributing to our ability to sustain and enhance the free services we offer.

Once you've submitted your casino affiliate program, if you haven't already closed a sub-affiliate deal with an account manager, one will reach out to you within 7 business days. Once we finalize the sub-affiliate agreement, at which point we'll connect the tracking link.

Optional but Encouraged Sub-Affiliate Deals

While not obligatory, we strongly encourage the provision of a sub-affiliate deal. Such agreements play a pivotal role in the longevity and continuous improvement of our free platform. A sub-affiliate deal ensures that we receive a recurring share of the revenue produced by affiliates who discover your program through our services, benefiting all parties involved. If your brand does not offer sub-affiliate arrangements then an annual arrangement of €599 will be requested.

Commitment to Transparency and Accuracy

By listing your affiliate program with us, you commit to providing accurate and up-to-date information about your offerings. You also agree to promptly update your listing should any details change, ensuring that our platform remains a reliable resource for the casino affiliate community.
